

REMARKS

Claims 27, 29-31, 34, 36-39, 52, and 54-56 are now pending in the application. Applicants thank the Examiner for the indication of allowance of all of the pending claims.

Re-Issue Application Declaration

Filed herewith is a new Re-Issue Application Declaration by the Inventors Michael A. Martinelli and Wayne C. Haase. As requested by the Examiner, the new Declaration includes both of the inventors, the error and the stated broadening nature, and the residence and mailing address of both of the inventors. Applicants submit that this Declaration is appropriate and should be accepted as complying with 37 CFR 1.63 and 1.175.

Specification

This Amendment deletes the Amendment to the Specification made in the Amendment filed February 5, 2003. Therefore, only a single cross reference and priority statement is included in the present Application.

CONCLUSION

It is believed that a full and complete response has been made to the outstanding Office Action and the present application is in condition for allowance. Thus, prompt and favorable consideration of this amendment is respectfully requested. If the Examiner believes that personal communication will expedite prosecution of this application, the Examiner is invited to telephone the undersigned at (248) 641-1600.

Respectfully submitted,

Date: July 3, 2007
